

Seaton Marshes: Borrow Pit Closure

6th June to 10th June 2011

A stone path is being laid from the concrete crossing point to parts of the Borrow Pit.

It will be necessary to close the Borrow Pit to the public for the duration of the works for safety reasons.

Access to the Hide and to the permissive path that skirts the Water treatment works will remain open as usual.

Please take extra care during your visit as there may be lorries using the main access track during working hours.

Doug Rudge
